

# GIFT CERTIFICATES

Gift Certificates make the perfect gift for any occasion! For the gift that fits perfectly and always pleases, consider a gift certificate from Salon 180. No matter the occasion, whether it be holidays, weddings, anniversaries, birthdays, as a way to say "Thank-You" or even "I'm Sorry!", a Salon 180 gift certificate is sure to delight anyone on your gift list!

And with your shopping convenience in mind, we've provided you with two easy options when purchasing gift certificates. You may purchase one for a specific dollar amount or you may purchase a specific service we offer. With either option you choose, you're assured of giving a gift they will truly, truly enjoy!

Should you somehow happen to choose a different service from Salon 180 than the recipient would prefer, the gift certificate recipient can easily exchange it for anything we offer of equal value, whether it be for a product or service. No questions asked! This ensures that no matter which type of gift certificate you purchase, you and the very lucky recipient will be completely satisfied!

### Velashape

VelaShape™ contours, shapes and slims the body by improving cellulite and reducing circumference in as few as 4 treatment sessions. The technology combines powerful energies to reduce the volume and appearance of fat tissues. With this unique approach, we are able to treat multiple areas including the abdomen, buttocks and thighs in less than 40 minutes.

### Skin Rejuvenation

The combined bi-polar radio frequency and light energy precisely and safely targets pigmented lesions such as freckles, sun spots, and age spots. Vascular lesions such as spider vessels and redness from rosacea are also lightened and gradually fade.

### MultiDerm Exfoliation

MultiDerm exfoliation treatment will reduce the appearance of fine lines and wrinkles, stimulate new collagen, reduce pore size, and rejuvenate skin to provide a more even skin tone with no downtime.

### ReFirme™

The combined bi-polar radio frequency and light energy precisely heat the dermal tissue within the target treatment area. This stimulates collagen production and produces a firming effect in lax skin. Fine wrinkles are reduced, noticeable lifting can be observed and the texture of your skin becomes smoother, more luminous and toned.

### Laser Hair Removal

Hair follicles are precisely targeted and destroyed. Permanent hair reduction is successful for both men and women and nearly all body areas can be treated.
